Dear Sir:

I, Angela Dallas Sebor, am a Patent Agent and represent Applicant in the above-identified patent application. I hereby confirm that the amendatory material amended into the specification in the Preliminary Amendment filed on this date consists of the same material incorporated by reference in the referencing application.

Specifically, the description of the amino acid positions of the regions of erythropoietin that are added to the above-identified specification are the amino acid positions, using the position numbers relative to SEQ ID NO:2 of the above-identified specification, that are disclosed for these regions in Fig. 1B on page 15986 of Boissel et al., *Journal of Biological Chemistry*, v. 268, p15983-15993, 1993.

I hereby declare that all statements made herein of my own are true and that all statements made on information and belief are believed to be true; and further that the statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both under Section 1001 of Title 18 of the United States Code, and that such willful false statements may jeopardize the validity of the subject application or any patent issuing therefrom.
